

'Dragon's Blood' Stonecrop

Sedum 'Dragon's Blood'

Create a pretty carpet of changing colors with 'Dragon's Blood' Sedum.

Growing only 6 inches tall, the succulent green leaves are edged in dark red and covered with bright red, starry flowers in late summer. Foliage turns crimson with the arrival of cool weather. 'Dragon's Blood' makes an excellent groundcover owing to its spreading habit and tolerance of dry soils.
